

Samuel Salami

Junior Frontend Developer (React / Next.js) | Nigeria

GitHub: github.com/sammyboi2468

Linkedin: www.linkedin.com/in/samuel-salami-31170437b

PROFILE

Frontend Developer with a strong foundation in React, Next.js, and modern JavaScript. Experienced in building responsive, API-driven web applications through hands-on projects. Passionate about learning, problem-solving, and contributing to real-world products through clean and user-focused interfaces.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), HTML5, CSS3

Frameworks & Libraries: React, Next.js

Styling: Tailwind CSS, Responsive Design

APIs: REST APIs

Tools: Git, GitHub, Chrome DevTools

PROJECTS

Weather Website

- Built a responsive weather application using React and a public API.
- Displays real-time weather data with clean UI and error handling.

Fitness Website

- Developed a fitness website that helps to stay fit according to your ability.
- With the ability to communicate with instructors to monitor your growth

Market Website (In Progress)

- Currently working with a startup to build a market-style web application.
- Working on product listings, navigation, and scalable UI structure.

EDUCATION & LEARNING

Self-taught Frontend Developer with strong hands-on experience through personal projects. Actively learning authentication, backend integration, and full-stack fundamentals.

CAREER OBJECTIVE

Seeking a Junior Frontend Developer role where I can contribute to building user-focused web applications while continuously improving my technical and problem-solving skills.
